New Online Training

We are excited to be able to offer CPR and First Aid training online. You can visit our online training site at <http://redcrossonlinetraining.org/Distance/Default.aspx?chid=236> to sign up for your choice of classes. Registration and payment are easy and the classes are designed to be very user friendly. Once you have successfully completed your online training, you will be issued a Verification Code. You must then contact the Chapter to sign up for your required skills session.

Community First Aid and Safety

Train individuals and families to overcome any reluctance to act in emergency situations, such as respiratory or cardiac problems, sudden illness, or injuries to infants, children and adults. You will learn how to give CPR to an infant, child or adult, and how to care for someone who has stops breathing and is choking. Identify how to use the Emergency Medical System effectively, and how to care for non-life threatening emergencies using First Aid.
